**TO-DAY IN CONGRESS.**

National Associated Press to the Star.  
HOUSE.

WASHINGTON, April 15.—Mr. Cox asked the House to fix a night next week for the consideration of the bill relating to Emigration reported by the Committee on Foreign Affairs. He said that emigrants are coming in by the thousands. If the famine continued in Ireland disease would be sure to break out, and unless proper action was taken in relation to Castle Garden, Hart's Island, &c., diseases might be scattered all over the country. It was agreed that Thursday night of next week should be devoted to the consideration of the bill.

The bill to authorize and equip an expedition to the Arctic Seas was taken up and passed.

The House went into Committee of the Whole on the Indian Appropriation Bills. Mr. Whitcomb rose in the Chair. The pending question was the motion of Mr. Haskell, of Kansas, to increase the appropriation for the purchase of clothing for the Cheyennes and Arapahoes, and it was rejected.

**Sub-Committee Appointed to Tackle the Tariff.**

**THE GENEVA AWARD BILL.**  
Special to the Star.

WASHINGTON, April 15.—The Geneva Award Bill, which is now pending before the Senate, is a bill in the interests of the marine insurance companies. Its main importance depends upon the clause which allows the insurance companies those privileges which they were denied by the court of Claims on the award. Of the \$7,000,000 which was awarded by the British Government to the United States Government for damage done by English cruisers, here still remains in the Treasury \$1,500,000, which was awarded for the loss sustained by insurance companies. The bill provides for a renewal of the courts on the Geneva award to distribute this amount among the various claimants.

Sensate David Davis, Thurman and McDonald are the chief supporters of the bill, and Blaine, Edmunds and Hoar its opponents. Judge Davis and the other friends of the bill hold that as this part of the award was made to cover the claims of insurance companies the Government is guilty of a breach of good faith in withholding it from them. On the other hand, those who oppose the bill hold that the insurance companies were making money out of the war, were taking their risks with no anticipation of having their losses made good by another government, which, indeed, they had no right to expect, and therefore have no claim upon any part of the award.

**IN FAVOR OF TARIFF REFORM.**  
The Ways and Means Committee to-day referred all questions of tariff to a Sub-Committee of Carlisle, Tucker, Miller, Garfield and Darnall with instructions to report next Thursday. These gentlemen all favor tariff reform.

A Attorney General Devens left this city this morning for New York and New England, to be absent a week or ten days.

**MASSACHUSETTS REPUBLICANS.**  
National Associated Press to the Star.

WORCESTER, MASS., April 15.—Over eight hundred and fifty delegates have arrived thus far to attend the Republican State Convention at Mechanics' Hall to-day to choose for delegates to the Republican National Convention at Chicago. Parker G. Chandler is in charge of the Sherman headquarters. He admits a majority for Edmunds, but regards Sherman as the second choice of the Edmunds men. The Grant forces are commanded by Ex-Governor Boutwell. The struggle will come on the passage of an anti-third-term resolution.

**IOWA INSTRUCTS FOR BLAINE.**  
DES MOINES, IOWA, April 15.—The Republican Convention, the largest ever held in the State, was called to order at 11 a. m. by Chairman Russell of the Central Committee, and Waldo Potter, of the Clinton Herald, was made temporary Chairman. Mr. Potter returned thanks for the honor. He made a comparison of the Republican and Democratic parties, concluding that the former had done by far the best service for the country. As to Presidential candidates he said that the Republicans of Iowa would cheerfully support the nominee of the National Convention; but, as for himself, his personal choice was Blaine, and at the mention of Blaine's name the Convention rose to its feet and gave three cheers and a tiger. Col. D. B. Henderson, of Dubuque, Geo. D. Perkins, editor of the Sioux City Journal, and J. S. Clarkson, editor of the Des Moines Register, were elected delegates at large. District delegates were then chosen, all being Blaine men. And the Convention instructed for Blaine.

**REPUBLICAN ROW AT SEDALIA.**  
SEDALIA, Mo., April 15.—The Missouri Republican State Convention assembled here yesterday. When the members of the different committees were called a struggle ensued in the Ninth District, which finally pervaded the whole Convention and confusion ran riot for half a hour. At one time a regular brawl was imminent, which was finally settled by reference to the Committee on Credentials. Trouble arose also from Beach trying to control matters during the meeting. There was continual disorder, a half-dozen speaking at once.

Filley was completely ignored but the Convention instructed for Grant. The only trouble towards the close of the Convention was caused by some colored members who thought they ought to have been made delegates.

**KENTUCKY REPUBLICANS.**  
LOUISVILLE, April 15.—After the appointment of Committees on credentials yesterday and permanent organization the Convention adjourned until 4 o'clock, and upon resuming at that hour Hon. John Speed was elected permanent Chairman by a viva voce vote. Upon taking his seat he addressed the Convention, speaking highly of his candidate, General Grant.

After an hour or more of confusion and excitement, during which time nothing of importance was done, the committees reported. The majority report was an instruction for Grant, and the minority report was to send the delegation to Chicago uninstructed. The minority report was lost by a vote of 1,079 to 487, and the majority report was adopted amid tremendous excitement and confusion. Delegates were then appointed.

**TILDEN DECLINES TO TALK.**  
NEW YORK, April 15.—All attempts to get from Tilden a confirmation or denial of the statement that he had written a note which will be read at the Democratic State Convention at Syracuse, declining to be a candidate before the Cincinnati Convention, has failed. It was making upward trip and contained eleven passengers, among them Henry Sewey, correspondent of the Boston Globe. At the third floor it was stopped to let off Mr. Wakefield. At this instant the hook bearing of the wire pulley gave way and the car descended and struck the bottom of the well and rebounded to the first floor and fell a mass of ruins encircling and confining the occupants. The shock was felt all through the building. Mr. Milton Reed, City Solicitor, was severely injured, and Henry Sewey sustained such injuries that he died at 5 p. m. He was then removed to the sidewalk, and in attempting to return to the saloon was disarmed by Finken, a total stranger to him. Enraged at Finken's interference, Ralston drew a knife and stabbed Finken to the heart, the wounded man dying in fifteen minutes. Finken was a railroad track layer.

**AWFUL MURDER IN MASSACHUSETTS.**  
BOSTON, April 15.—Penley Hutchinson was sixty years of age, and for over thirty years a resident of Huntington, was found murdered yesterday. He was a bachelor of eccentricities, very wealthy, formerly a manufacturer of wooden bowls, and lived alone.

Yesterday persons saw smoke issuing from his shop, and after the fire had been extinguished his body was found on the floor with his throat cut. His house was soon after found on fire. Neighbors broke in to save the valuables and found the house robbed.

Valuable papers were scattered along the road. Hutchinson was probably cudgeled in his house and dragged to the shop, where his throat was cut. The amount of stolen property is not known. A negro is suspected of the crime, and search is being made. Intense excitement prevails, as the victim was highly respected.

**THE COMING DOG SHOW.**  
Special to the Star.

NEW YORK, April 15.—The Arizona, which arrived yesterday, brought Mr. Jas. Watson, representative of the London Field, to the coming dog show of the Westminster Club, and four very fine animals, which are to be entered as competitors at the show. The managers received a letter yesterday from Sir William Vernon, announcing his intention to sail on the Britannia on the 16th, and to take five or six of his valuable dogs along.

The entries, including puppies, now exceed fifteen hundred. Among the additions to the list of animals of mark already published may be mentioned the famous Chesapeake Bay dog Turk, which saved the life of Miss Gertrude B. Haines, when she was thrown out of her sink-box by the recoil of her gun while duck-shooting at Pennmansville, Md., a short time ago. Turk plunged into the water and dragged her safely ashore. Mr. Maxwell Everts, son of Secretary Everts, will exhibit a fine Irish setter. "Horace Greeley, Jr., care of Miss Greeley, Tarrytown, N. Y.," is the signature to an entry of two collie dogs.

**CHASTINE COX AS A MARTYR.**  
National Associated Press to the Star.

NEW YORK, April 15.—Chastine Cox, the murderer of Mrs. Hull, now that he realizes his death near at hand, assumes the air of a martyr, and attributes his misfortune to the newspapers.

He said to a reporter: I do not know what I should do if I had not any mother to write to. The clergymen are also very kind to me, and so is everybody, in fact, keepers, fellow-prisoners and visitors. Reporter.—Of course you are often visited by representatives of the press. Cox.—They may well do that, now that they have doomed me. Do you know I attribute my fate solely to newspapers, who, when at a loss for news respecting the Hull case, published the most fantastical matter about me; they stirred up their imaginations and trumped up stories about confessions I was said to have made by the wholesale. The public in general and the jury in particular thus became prejudiced against me and my doom was sealed.

**FOREST FIRES.**

**Great Destruction in the Pine Woods of New Jersey.**

National Associated Press to the Star.

NEW EGYPT, N. J., April 15.—By the great forest fire, which originated from sparks of a locomotive, an area possibly of fifty miles in length and ten miles in width has been destroyed. Millions of game and other birds have been suffocated by the smoke, which is stifling for miles around the burnt district. Telegraph wires are destroyed in some parts. Fortunately the doomed district was but thinly inhabited. Some loss of live stock is reported. The fire is still raging, but there are indications of rain, which may put a stop to it.

**POINT PLEASANT, N. J., April 15.—**It is estimated that twenty-seven hundred acres of valuable timber land were destroyed by the fire that swept across the cedar and pine forests of Ocean and Monmouth Counties. At midnight the wind veered from the southwest to the west, when the fire pushed toward the Ocean, where its force was expended. The loss will be very heavy. Many choice birds of the meadows and snipe shooting grounds lay in the path of the fire. Reports are coming in of losses in cattle and horses killed by suffocation.

**NEW YORK, April 15.—**This city has been pervaded by the aromatic odor of the pines and cedars burning in the great forest fire which broke out Tuesday morning in Ocean County, New Jersey. It is estimated that 3,000 acres of timber land was destroyed. Several villages were reported on fire. Last night many cows and horses and other stock were burned to death, and birds suffocated by hundreds. The fire has died out about Bicksburg, having expended its force between the Niagara River and the ocean. It is now reported, however, as working toward Shark River in Monmouth County, to the northward; this is in the direction of Long Branch. The district over which the fire has swept is sparsely populated, almost the only inhabitants being charcoal burners and wood choppers, whose huts have been burned. No human lives are reported lost yet, but the value of property destroyed is very great.

Lockwood and his family, with whom the old gentleman resided, had moved out to South Cumminsville a few days ago, and it was there that Mr. L. ended his life.

Coroner Carrick, on learning that Lockwood was somewhat deranged, that he was seen to jump in the water, and that there was no foul play in the case, decided that an inquest was unnecessary.

James Savage was before the Police Court this morning charged with breaking into the blacksmith shop of Henry Dalgner, N. 460 West Front street, and was found not guilty, there being no testimony to show that the place had been broken into at all. This man Dalgner is the person that made such a fuss about not getting a warrant in the Police Court Clerk's office against Savage for burglary. It seems the clerk acted right in not giving him a warrant.

A lad 14 years old, named Bair, residing at No. 21 Gano street, was painfully but not seriously burned this morning on the Public Landing in front of Parker, Wise & Co's. boot store. The accident was caused by a box of matches and a piece of sand paper which he had in his pocket. The boy was taken to a doctor's office and then home, and is getting along all right this afternoon.
